

DALLAS/FORT WORTH INTERNATIONAL AIRPORT BOARD

CONSTRUCTION PERMIT FEE SCHEDULE

Important Notice: Add to the amount shown in the table below, an additional 65% for plan review fee.

All construction projects for which construction permits are required are subject to a construction permit fee and a plan review fee except where otherwise prohibited by law. Refer to Part One of the Construction and Fire Prevention Standards Resolution and Amendments to the Codes, Section 21 for exceptions. The construction permit fee is based upon the value of all construction work for which the permit is issued, as well as all finish work, painting, roofing, electrical, plumbing, heating, air conditioning, elevators, fire extinguishing systems and any other permanent equipment. Where proposed maintenance work is limited to replacement in like kind, and in the opinion of the Building Official a construction permit fee or plan review fee is not justified, the Building Official may waive such fees. The plan review fee is an additional fee equal to 65% of the construction permit fee. The following table shall be used to determine the construction permit fee. The plan review fee shall be added thereto. These fees shall be paid prior to the issuance of a construction permit unless other arrangements have been previously made. Fees shall be paid by check payable to the DFW Airport Board and must be paid in person in the Office of the Building Official.
