- b) **2254 Services** – The 2254 Services that Board seeks to procure under this solicitation are:
 - i) Professional Services that involve the practice of engineering, as that term is defined in Chapter 2254; Subchapter A; of the Texas Government Code, including Section 2254.002 of that Subchapter, and the Texas Occupations Code; Title 6; Subtitle A; Regulation of Engineering and Related Practices; and
 - ii) Professional Services that involve the practice of architecture, as that term is defined in Chapter 2254; Subchapter A; of the Texas Government Code, including Section 2254.002 of that Subchapter, and the Texas Occupations Code; Title 6; Subtitle B; Regulation of Architecture and Related Practices; and

- c) **Exempt Services** – The Board also seeks to procure certain ancillary and related personal, professional and planning services that are related to the 2254 Services and that are exempt from formal, competitive procurement requirements pursuant to Chapter 252 of the Texas Local Government Code; Section 252.022(a)(4) at the Dallas/Fort Worth International Airport (“Airport”). The 2254 Services and Exempt Services are collectively referred to as the “Services”.
- d) **Specific** – A more detailed Scope of Services sought in this solicitation is set forth in Appendix 4 – The Agreement.

2) Federal Funding, Instructions, and Federally Mandated Agreement Provisions

- a) As detailed in Appendix 4 – The Agreement.

3) Method of Source Selection

The 2254 Services being procured under this solicitation are governed by the competitive procurement requirements set forth in Chapter 2254; Subchapter A; of the Texas Government Code; the focus of this solicitation is on meeting those competitive procurement requirements. If one or more Agreements are awarded pursuant to this solicitation, Delivery Orders, however, may subsequently be issued involving Exempt Services that are exempt from any competitive procurement requirements under Chapter 252 of the Texas Local Government Code; Section 252.022(a)(4). Any Respondent submitting a Qualifications Statement pursuant to this solicitation and forming teams to provide Services should familiarize itself with the Exempt Services that may be the subject of future Delivery Orders. However, the primary purpose of this solicitation is a qualifications based procurement based upon a Respondent’s particular qualifications to perform the 2254 Services.

Depth of Qualifications Analysis to be Performed by Board: Section 2254.004; Texas Government Code: Section 2254.004 of the Texas Government Code provides:

“(a) In procuring architectural, engineering, or land surveying services, a governmental entity shall:

(1) first select the most highly qualified provider of those services on the basis of demonstrated competence and qualifications; and

(2) then attempt to negotiate with that provider a contract at a fair and reasonable price.”

Board’s Position on Respondent Qualifications; Role of Subconsultants/Subcontractors: Accordingly, Board’s qualifications based evaluation in this solicitation will focus on the specific qualifications attributable to each Respondent itself, as it is the top ranked Respondent with which successful negotiations occur that will be in privity of contract with Board, if it chooses to award an Agreement pursuant to this solicitation. Although the

¹The Board may use the term “Consultant” in this RFQS to describe a Respondent that has been determined to qualify as an awardee of an Agreement.

qualifications of a Respondent's Subconsultants/Subcontractors may factor into Board's evaluation of a Respondent's qualifications because it reflects on a Respondent's ability to bring qualified Subconsultants/Subcontractors to this transaction, a Respondent that may be awarded an Agreement pursuant to this solicitation is ultimately responsible for the qualifications of Subconsultants/Subcontractors it chooses to utilize to provide Services.

Procurement Phases: This procurement will be conducted in 3 phases as follows:

- a) **Responsibility/Responsiveness Phase** – Each Respondent's Qualifications Statement will be evaluated to determine whether it is responsive and each Respondent will be evaluated to determine whether it is responsible;
- b) **Qualifications Evaluation Phase** – Each Respondent that is determined to be responsible and also whose Qualifications Statement is determined to be responsive will then be evaluated based upon qualifications. The Respondents will be ranked according to such evaluations from the most highly qualified provider of Services on the basis of demonstrated competence and qualifications to the least highly qualified; and
- c) **Negotiations Phase** – Board will enter into negotiations with the highest ranked Respondent in an attempt to negotiate an Agreement at a fair and reasonable price. If negotiations are unsuccessful with the highest ranking Respondent, Board will formally end such negotiations and enter into negotiations with the next ranked Respondent. This process will be followed until Board is able to successfully negotiate an Agreement or determines to cancel this solicitation.

4) Nature of Agreement(s) Anticipated for Award

- a) **Master Agreement/Delivery Orders** – The type of Agreement that is anticipated to be awarded pursuant to this solicitation is a general services agreement for basic Services, as set forth in Appendix 4 – The Agreement, attached to this RFQS. The Agreement will serve as a “master agreement” for future Services, which will be provided through separately issued Delivery Orders. No Services will be provided independently under the Agreement, absent a Delivery Order for Services. The Agreement will set forth general contractual provisions applicable to any Delivery Order issued under it and will also establish basic negotiated terms concerning compensation.
- b) **Delivery Order Scopes** – Each Delivery Order will include, among other things, a more detailed Scope of Services for the specific project and will include a project schedule and/or additional compensation terms based on those originally set forth in the Agreement.
- c) **No Obligation to Issue Delivery Order** – Even if an award or multiple awards of an Agreement result during this solicitation, Board will be under no obligation to issue any Delivery Order to any successful awardee, once an Agreement with it is executed.

5) Board Selection Committee – Board intends to appoint a Selection Committee to evaluate Qualifications Statements received for this solicitation in accordance with Part 3 of this RFQS.

6) Minimum Qualifications – Each Respondent team should have a minimum of the following:

- a) Completed 2 signature bridge designs within the past 5 years.
- b) Task leader(s) holding TxDOT Precertifications below:
 - i) 3.5.1 Major Bridge Layouts
 - ii) 5.2.1 Major Bridge Design
 - iii) 5.4.1 Exotic Bridge Design

This minimum qualifications requirement does not apply to Subconsultants/Subcontractors.

7) Insurance Requirements – The insurance requirements applicable to any Agreement that may be executed pursuant to this solicitation are set forth on Appendix 4 – The Agreement to this RFQS.

8) Proposed Form of Agreement – A proposed form of Agreement that Board anticipates executing with a successful awardee is attached to this RFQS as Appendix 4 – The Agreement. The Agreement included in this RFQS is a Board form that it expects a successful awardee to execute. The Agreement does contain certain provisions that are drafted in blank that will be completed by Board if a successful awardee is identified (e.g. identification of Consultant Key Personnel or Subconsultants/Subcontractors, terms concerning compensation, etc.). However, the stated terms and provisions contained within the Agreement (requiring no modification as a result of the contents of an accepted Qualifications Statement) are not negotiable and any Qualifications Statement submitted that takes exceptions to the Agreement, proposes modifications to its language or otherwise attempts to change its content may be deemed non-responsive.

9) Conflicts of Interest/Participation in Additional Pending or Upcoming Solicitations

- a) **Existing Business Relationships with Airport** – Board recognizes that certain Persons desiring to participate in this solicitation may currently provide services to Board or to another Person doing business at the Airport, either through a direct contract with Board or such other Person or as a Subconsultant/Subcontractor, Affiliate or similar Person.
- b) **Participation in Additional Pending or Upcoming Solicitations** – Board also recognizes that certain Persons desiring to participate in this solicitation may also be participating in other pending or upcoming solicitations, such that potential conflicts of interest may arise if the Person is both successful in this solicitation and other solicitations.
- c) **Questionnaire** – Accordingly, Board has included in this RFQS at Form 3 – Questionnaire, a request for information about Persons (including Respondents, Subconsultants/Subcontractors, Affiliates or similar Persons) currently doing business at the Airport or that are participating or will participate in other solicitations, so that it may properly evaluate whether any Respondent, Subconsultant/Subcontractor or any Person associated with them, has or may develop a potential conflict of interest.
- d) **Independent Consultant Sought** – Board’s goal in this solicitation is to obtain an Agreement with a Respondent that is satisfactorily, in Board’s opinion, independent of current business relationships at the Airport.
- e) **Potential Board Actions** – Depending on the nature of Respondents participating in this solicitation and the information Board obtains in the Qualifications Statements, Board may determine that it is not in its best interests to further consider a specific Respondent’s Qualifications Statement because such Respondent (or its Subconsultants/Subcontractors, Affiliates or similar Persons) may have potential conflicts of interest as a result of existing contract or service relationships at the Airport.
- f) **No Prohibition** – Nothing in this RFQS prohibits any Person from participating in multiple Qualifications Statements (e.g. as a prime on one Qualifications Statement and as a Subconsultant/Subcontractor to a prime on another Qualifications Statement) or participating in other solicitations being conducted by Board.

10) Diversity

- a) **Applicable Board Diversity Program** – The Board’s Diversity Program applicable to this solicitation is set forth in Appendix 4 – The Agreement (M/WBE Provisions) attached to this RFQS. Part 3 Evaluation of Qualifications Statements

- 1) **Description of Evaluation Process** – This solicitation contemplates a multi-step process.
 - a) First, all Qualifications Statements that are timely submitted will be reviewed for responsiveness and Respondents will be reviewed for responsibility.
 - b) Second, if a Respondent is deemed responsible and its Qualifications Statement is deemed responsive, that Respondent/Qualifications Statement will advance to the Criteria Evaluation Phase. During the Criteria Evaluation Phase, Respondents will be ranked according to qualifications. The Criteria Evaluation Phase will be conducted in one or two steps: [i] initial evaluations based upon the content of submitted Qualifications Statements; and [ii] subsequent re-evaluations based upon interviews of Respondents, if Board chooses to conduct interviews. A re-evaluation after the Final Interview will involve Board's re-evaluation of a Respondent using the same evaluation matrix set forth in the table in the Clause entitled "Evaluation Form/Criteria" in which a member of the Selection Committee considers the contents of a submitted Qualifications Statement in light of the Respondent's interview responses and any clarifications to its Qualifications Statement made during the interview.
 - c) Third, Board will schedule a negotiation with the top-ranked Respondent for the purpose of attempting to negotiate a fair and reasonable price for the Services. If Board and the top ranked Respondent are able to successfully negotiate a fair and reasonable price for Services and Board otherwise determines that an Agreement will be awarded, the Agreement will be provided to the successful Respondent for execution. If Board and the top ranked Respondent are unable to negotiate a fair and reasonable price for the Services, Board will formally discontinue such negotiations and attempt to negotiate an Agreement with the next ranked Respondent. Board will continue this process until it is able to successfully negotiate an Agreement with a Respondent or, instead, determines it is in its best interests to cancel the solicitation.

- 2) **Initial Evaluation of M/WBE Component** – Board's established M/WBE program goal for this solicitation is 20%. In the event a Respondent does not demonstrate a commitment to meet or exceed the established goal, documentation evidencing a good faith effort to meet the goal must be submitted with its Qualifications Statement. A Respondent that does not demonstrate a commitment to meet or exceed the established goal or does not demonstrate a good faith effort to do so (as evaluated by Board's Business Development & Diversity Department ["BDDD"]) will be deemed non-responsive and/or non-responsible (Good Faith Effort Plan documentation does not count against the page limit) and will not move into the Criteria Evaluation Phase of this solicitation.

- 3) **Interviews** – Board may conduct interviews of Respondents during this solicitation.
 - a) Depending on the number of Qualifications Statements received by Board, it may: [i] decide to interview all Respondents before re-evaluating all of them; or [ii] because of the high number of Qualifications Statements received, it may decide to interview only a certain number of Respondents, based upon their initial rankings in the initial evaluation phase of this solicitation. Board will provide all Respondents greater detail once it receives and evaluates Qualifications Statements.
 - b) Interviews will be done in two separate steps. Step one (Initial interview) will consist of a review of Respondents complete submittal, including but not limited to schematic and any sample design material(s). The Board will provide feedback on the Respondent's Conceptual Design, feedback will only be provided on the Board's preferred Conceptual Design. Step two (Final Interview) will occur at a later date and will provide Respondents the opportunity make changes, if they choose, to their Conceptual Design. No other Statement of Qualifications sections revisions will be permitted.
 - c) Board realizes that the negotiation process contemplated by Texas Government Code Section 2254.004 requires potentially successive negotiations with Respondents in accordance with their rankings during the evaluation phase of this solicitation. If Board interviews and re-evaluates only some of the Respondents and is then faced with the need to negotiate with a Respondent that was not interviewed, it will interview and re-evaluate, as it deems appropriate, Respondents in the remaining pool of negotiation candidates and schedule negotiations according to the resulting rankings after those interviews. It is Board's intent that any Respondent with which it winds up negotiating with will have been interviewed, re-evaluated after the interview and ranked according to its overall evaluation score after its interview.

- 4) **Evaluation Form/Criteria** – All Qualifications Statements will be evaluated by an Evaluation Committee in accordance with the following Evaluation Form/Criteria:

Evaluation Form/Criteria

Evaluation Criteria Number	RELATIVE WEIGHT	GRADED ITEM
3.c	5%	Organizational Structure/Staffing Plan
3.d	5%	Quality Control and Quality Assurance
3.e	15%	Specialized Experience and Technical Competence in the Type of Services Being Procured
3.f	40%	Conceptual Design
3.g	10%	Consultant Key Personnel/Resumes
3.h	5%	Overall Experience, Qualifications and Performance on Previous Projects
3.i	20%	Affirmative Action and M/WBE Participation
	100%	TOTAL SCORE

- 5) **Award Determination(s)** – Based upon the number of Respondents participating in this solicitation and the rankings of those Respondents, Board may determine to award 1 or more Agreements.

Part 4
Submittal Forms / The Agreement & Scope of Services / Miscellaneous Information

Appendix 1 – Good Faith Effort (GFE) Criteria

NOTE: Include a response to GFE criteria and support documentation in bid/proposal only if the D/S/M/WBE goal is not achieved.

The following factors are taken into account when assessing a good faith effort response. These factors are minimally considered as good faith efforts and demonstrate specific initiatives made in attempting to achieve the applicable contract-specific Disadvantaged/Small/Minority/Women Business Enterprise (D/S/M/WBE) goal. These factors should not be considered as a template, checklist or some quantitative formula. Proposers are required to meet all factors outlined below and provide support documentation in order for the good faith effort plan to be assessed. Mere pro forma efforts are not good faith efforts to meet the D/S/M/WBE contract requirements. This means that a bidder/proposer must show that it took all necessary and reasonable steps to achieve a D/S/M/WBE goal or other requirement of this GFE which, by their scope, intensity, and appropriateness to the objective, could reasonably be expected to obtain sufficient D/S/M/WBE participation, even if they were not fully successful. DFW will evaluate the GFE on quality, quantity, and intensity of the different kinds of efforts that the bidder/proposer has made, based on the regulations and the guidance in Code of Federal Regulations.

NOT SUBMITTING PROPER SUPPORT DOCUMENTATION IS NOT EVIDENCE OF A PROPER DEMONSTRATION OF GOOD FAITH EFFORT. SUBMITTAL OF THE CRITERIA, WITH NO ADDITIONAL DOCUMENTATION, WILL NOT BE CONSIDERED ADEQUATE DEMONSTRATION OF GOOD FAITH EFFORT. Proposers are not limited to these particular areas and may include other efforts deemed appropriate. Complete form and attach support documentation only if the D/S/M/WBE goal is not achieved. For additional guidance concerning Good Faith Efforts, please refer to the Electronic Code of Federal Regulations (CFR 49 part 26 Appendix A).

GOOD FAITH EFFORT FACTORS
Whether the contractor/vendor/bidder conducted market research to identify small business contractors and suppliers and solicit through all reasonable and available means the interest of all certified D/S/M/WBEs that have the capability to perform the work of the contract. This may include attendance at any pre-bid or pre-proposal meetings to discuss subcontracting and supplier opportunities (acceptable documentation shall include copies of the meeting sign-in sheets with contractor name noted as signed-in) and business matchmaking meetings and events, advertising and/or written notices, posting of Notices of Sources Sought and/or Requests for Proposals, written notices or emails to all D/S/M/WBEs listed in the State and/or Local respective directories of firms that specialize in the areas of work desired (as noted in the D/S/M/WBE directory) and which are located in the area or surrounding areas of the project.
Whether the contractor/vendor/bidder advertised in general circulation, trade association, and/or D/S/M/WBE focused media concerning subcontracting and supplier opportunities (acceptable documentation shall be copies of advertisement, newspaper page where advertisement was posted or print media confirmations);
Whether the contractor/vendor/bidder should solicit this interest as early in the acquisition process being at least five (5) business days prior to bid opening as practicable to allow the D/S/M/WBEs to respond to the solicitation and submit a timely offer for the subcontract. The bidder/proposer should determine with certainty if the D/S/M/WBEs are interested by taking appropriate steps to follow up initial solicitations at least three (3) business days prior to bid opening to determine with certainty whether the DBEs were interested (appropriate steps may be demonstrated by second contact attempts by letter, facsimile transmission, telephone communication or email, if bidder/proposer failed to make contact on its first attempt).
Whether the contractor/vendor/bidder selected portions of the work to be performed by D/S/M/WBEs in order to increase the likelihood that the D/S/M/WBE goals will be achieved. This includes, where appropriate, breaking out contract work items into economically feasible units (for example, smaller tasks or quantities) to facilitate D/S/M/WBE participation, even when the prime contractor might otherwise prefer to perform these work items with its own forces. This may include, where possible, establishing flexible timeframes for performance and delivery schedules in a manner that encourages and facilitates D/S/M/WBE participation.
Whether the contractor/vendor/bidder provided interested D/S/M/WBEs with adequate information about the plans, specifications, and requirements of the contract in a timely manner to assist them in responding to a solicitation with their offer for the subcontract. The ability or desire of a contractor/vendor/bidder to perform the services of a contract with its own workforce does not relieve the contractor/vendor/bidder of the responsibility to meet the contract goal or demonstrate good faith efforts to do so (The bidder/proposer shall make a moderate and reasonable adjustment to the normal and practiced industry standard that demonstrates a reasonable willingness to divide up scopes of work to provide more opportunities for D/S/M/WBEs to bid/quote).

<p>Whether the contractor/vendor/bidder negotiated in good faith with interested D/S/M/WBEs. It is the bidder's/proposer's responsibility to make a portion of the work available to D/S/M/WBE subcontractors and suppliers and to select those portions of the work or material needs consistent with the available D/S/M/WBE subcontractors and suppliers, so as to facilitate D/S/M/WBE participation. Evidence of such negotiation includes the names, addresses, and telephone numbers of D/S/M/WBEs that were considered; a description of the information provided regarding the plans and specifications for the work selected for subcontracting; and evidence as to why additional Agreements could not be reached for D/S/M/WBEs to perform the work.</p>
<p>Whether the contractor/vendor/bidder using good business judgment would consider a number of factors in negotiating with subcontractors, including D/S/M/WBE subcontractors, and would take a firm's price and capabilities as well as contract goals into consideration. However, the fact that there may be some additional costs involved in finding and using D/S/M/WBEs is not in itself sufficient reason for a bidder's/proposer's failure to meet the contract D/S/M/WBE goal, as long as such costs are reasonable. Also, the ability or desire of a prime contractor to perform the work of a contract with its own organization does not relieve the bidder/proposer of the responsibility to make good faith efforts. Prime contractors are not, however, required to accept higher quotes from D/S/M/WBEs if the price difference is excessive or unreasonable.</p>
<p>Whether the contractor/vendor/bidder did not reject D/S/M/WBEs as being unqualified without sound reasons based on a thorough investigation of their capabilities. The contractor's standing within its industry, membership in specific groups, organizations, or associations and political or social affiliations (for example union vs. non-union status) are not legitimate causes for the rejection or non-solicitation of bids in the contractor's efforts to meet the project goal. Another practice considered an insufficient good faith effort is the rejection of the D/S/M/WBE because its quotation for the work was not the lowest received. However, nothing in this paragraph shall be construed to require the bidder/proposer or prime contractor to accept unreasonable quotes in order to satisfy contract goals.</p>
<p>Whether the contractor/vendor/bidder prime contractor's inability to find a replacement D/S/M/WBE at the original price is not alone sufficient to support a finding that good faith efforts have been made to replace the original D/S/M/WBE. The fact that the contractor has the ability and/or desire to perform the contract work with its own forces does not relieve the contractor of the obligation to make good faith efforts to find a replacement D/S/M/WBE, and it is not a sound basis for rejecting a prospective replacement D/S/M/WBE's reasonable quote.</p>
<p>Whether the contractor/vendor/bidder make efforts to assist interested D/S/M/WBEs in obtaining bonding, lines of credit, or insurance as required by the recipient or contractor.</p>
<p>Whether the contractor/vendor/bidder make efforts to assist interested D/S/M/WBEs in obtaining necessary equipment, supplies, materials, or related assistance or services.</p>
<p>Whether the contractor/vendor/bidder effectively use the services of available minority/women community organizations; minority/women contractors' groups; Local, State, and Federal minority/women business assistance offices; and other organizations as allowed on a case-by-case basis to provide assistance in the recruitment and placement of D/S/M/WBEs.</p>
<p>Whether the contractor/vendor/bidder in determining whether a bidder/proposer has made good faith efforts, it is essential to scrutinize its documented efforts. At a minimum, DFW will review the performance of other bidders/proposers in meeting the contract goal. For example, when the apparent successful bidder/proposer fails to meet the contract goal, but others meet it, DFW may reasonably raise the question of whether, with additional efforts, the apparent successful bidder/proposer could have met the goal. As provided in §26.53(b)(2)(vi), the bidder must submit copies of each D/S/M/WBE and non-D/S/M/WBE subcontractor quote submitted to the bidder when a non-D/S/M/WBE subcontractor was selected over a D/S/M/WBE for work on the contract to review whether D/S/M/WBE prices were substantially higher; and contact the D/S/M/WBEs listed on a contractor's solicitation to inquire as to whether they were contacted by the prime. Pro forma mailings to D/S/M/WBEs requesting bids are not alone sufficient to satisfy good faith efforts under the rule.</p>
<p>Whether the contractor/vendor/bidder promise to use D/S/M/WBEs after contract award is not considered to be responsive to the contract solicitation or to constitute good faith efforts.</p>
