CLARIFICATIONS

Re: Solicitation No. 7006663, Fat, Oil and Grease (FOG) Waste Management Systems

Please be advised of the following clarifications to the above referenced Solicitation.

Q1. What should be included in the Emergency response plan on the bidder checklist?
A1. The emergency response plan should include information on how the bidder would respond to spills or irregular operations, such as a collection vehicle that breaks down and would not be able to provide service. It would need to anticipate continuity of operations for any service disruptions.

Q2. Are the bid tabs from the previous solicitation available?
A2. No. This is a new solicitation and scope of work.

NOTE: A copy of this questions and clarifications shall be acknowledged by appropriate signature and attached to the submitted proposal.
