Additional Requests/Comments:

All requests will require the contractors to bring equipment to level both a pathway for their trucks and the soil they are placing.

Drivers required to have a Windshield Identification with GC Name & Project Permit Number.

SOIL TRANSFER 48 HOUR REQUEST INSTRUCTIONS

This form must be submitted by the Board PM/CM or authorized representative to the Soil Stockpile Manager (48) hours in advance of date/time access to the DFW Soil Stockpile Areas are required.

One request covering an entire workday will be submitted for each day of access required. Consecutive days of entrance may be submitted on one form. Submission of the form does not guarantee approval of request.

NOTE: ALL TIMES ON THIS FORM WILL BE LOCAL 24-HOUR CLOCK TIMES.

- *Submitted By:* The responsible Owner's Authorized Project Representative for construction activity who has coordinated scheduling and reviewed the request and is fax and/or emailing this document.
- *Date of Request:* This is the date request is made. Example: 11/27/07
- *Permit Number and Project Name:* Include both the Permit Number and Project Name.
- *Project/Construction Manager:* Name of Board individual or authorized individual responsible for Construction Project.
- *PM/CM Phone:* 24-hour telephone number of the PM/CM.
- *Contractor POC:* Name of the Prime Contractor point of contact (POC.)
- *Contractor Phone:* 24-hour telephone numbers of the Prime Contractor point of contact (POC.)

Note: Any reference to the authorized individual is to be interpreted to mean the DFW Representative for DFW Board or Tenant managed projects.

SOIL STOCKPILE AREA ACCESS DEPOSIT OR REMOVAL OF MATERIALS REQUESTS

- *Date Requested:* Enter the date (month and day) of required access. Ex: 11/27/07
- *Time Required:* Enter the start time & end time (military time) of the required access. Ex: 1300
- *Type of Material Being Transported to Stockpile Area:* Enter the type of unregulated material being transported to the stockpile area. Ex. Topsoil, clay, shale or suitable spoil material.

(Note: Unsuitable material, concrete debris, impacted, or contaminated materials shall not to be transported to the Soil Stockpile Areas.)

- *Type of Material Requested from Stockpile Area:* Enter the type of unregulated material requested from the stockpile area. Ex. Topsoil, clay, shale or suitable spoil material.

(Note: Contractor is responsible for loading material at the Soil Stockpile area and the trucking to the project site.)

- *Additional Request/Comments:* This is a general-purpose section where you can specify where the soil is coming from if your project covers more than one area or add addition comments to clarify the request for the addressees.

NOTE: The telephone number for the Soil Stockpile Manager is 972-973-1869. DFW's Project/Construction Manager for Board projects and/or DFW authorized representative for Tenant projects will retain responsibility for ensuring contract compliance, project scheduling and coordination, communications between the contractor utilizing the stockpile area and the Soil Stockpile Manager.
